Natsume's E3 Show Floor Lineup Includes:

### **Harvest Moon: Light of Hope (Switch, Steam/PC and PlayStation 4)**

In *Harvest Moon: Light of Hope*, players begin the game as they set out looking for a fresh start and new surroundings. During their voyage, their ship is hit by a monsoon and goes down. As they drift into a small harbor town, now in a shambles from the storm, it will be up to the player to help rebuild the town and save the lighthouse...but it won't be easy! Nevertheless, with some hard work growing crops, tending livestock, and gathering materials for repairs, players will be able to make new friends, start a family, revive the lighthouse, and save the town!

### **Wild Guns Reloaded (Steam/PC)**

In *Wild Guns Reloaded*, Annie has tracked down the famed bounty hunter Clint to get revenge on the Kid Gang. With eight stages, each with three zones, there's plenty of bad robots to blast away. With a true arcade game feel, *Wild Guns* was the first sci-fi western to arrive on home consoles, and to this day, there really isn't any other game like *Wild Guns*!

### **River City: Knights of Justice (3DS)**

*River City: Knights of Justice*, known in Japan as *Nekketsu Mahou Monogatari*, is scheduled to launch as a 3DS eShop exclusive this summer. Kunio and his friends go medieval in this unique entry to the River

City series, as they are transformed into heroes and villains that would be home in any RPG! Players will use swords, staves, and even magic to bring peace back to Riverandia!

### **River City: Rival Showdown (3DS)**

*River City: Rival Showdown*, known in Japan as *Downtown Nekketsu Monogatari SP*, will launch this fall for the Nintendo 3DS. One night, Kunio is attacked by two mysterious individuals. On top of that, Riki's girlfriend has disappeared, and it's up to Kunio to find out the truth! Kunio has just 3 days to unravel the mystery, and he'll need your help to take down all who stand in his way! Take on some familiar faces from the River City games and meet new ones in this fast-paced beat-'em-up RPG.

### **Harvest Moon: Lil' Farmers (iOS, Android, Kindle)**

Natsume's European publishing partner, Rising Star Games, will be showing titles in the booth as well, including *Harvest Moon: Light of Hope*, *Harvest Moon Lil' Farmers* (iOS, Android, Kindle), and the European version of *Harvest Moon: Skytree Village*.

As part of the year-long 20th anniversary celebration, Natsume has also unveiled the re-release of *Harvest Moon: A Wonderful Life Special Edition*, *Harvest Moon: Save the Homeland* for the PlayStation 4, both of which will be available to play at the show.
