**Pocky & Rocky Reshrined (Switch) at GAMESTOP**

**Pocky & Rocky Reshrined (PS4) at GAMESTOP**

The adventures of Pocky and Rocky begin again! It's the latest installment in the original shrine maiden shooting series. The new game is being developed by the original development team, Tengu Project of Natsume Atari Inc. Pocky & Rocky follows the adventures of a young shrine maiden named Pocky and her companion, Rocky the raccoon, as they attempt to take down the evil Black Mantle. Gameplay takes place from a top-down perspective and features both single-player and cooperative modes.

Pocky & Rocky Reshrined is a sequel to Pocky & Rocky, known in Japan as the action-shooting game series Kiki Kaikai, which first appeared as an arcade game from TAITO Corporation in 1986 and is being developed under license from TAITO Corporation.
